The board members were divided up among the exec and coordinator to be contacted to ensure that committee assignments are clear and accepted. We will review after all members have been contacted with their possible assignments. As an executive team, we will be working on committee goals to serve as preliminary guides for the chairs and committees.

In-Person Annual Meeting

Minot has agreed to host the NDYP board meeting and has provided a few location suggestions. Dalzell will send out a date request for all the members to vote on, the dates to be voted on include September 10, 11, 17, or 18. Dobrowski will be in contact with Korslien and Jensen to finalize venue options.

Bottineau YP Interest

Bottineau has contacted Dalzell with a selected group that is interested in starting a YP Network. Trueblood will make initial contacts with this group to see what information they'd like and how NDYP can help them.

Press Release

Dalzell questioned when we should send a press release out regarding the new executive team and new board members. Dobrowski suggested that this happen before mid-August to ensure that it is current. Dalzell will work with Jensen and list Dobrowski as the contact point on the release.
