

*We enhance the community, create connections, and invest in each other.*

## Who we are

The Greater Grand Forks Young Professionals are both young and young at heart. We are not always professional...but we care about our community, and we represent the interests of the 20-40 year olds in our area. We are made up of college students, pencil pushers, parents, and people whose collars come in many colors.

YPs want more out of our community than simply jobs and a place to live. We want culture and excitement. We want progressive thinking and the ability to connect with and influence our community. We love living here and we think other people should too.

## Wanna join?

Committees are the heart of GGFYP's governance and operations. Board members and committee chairs are elected positions, but anyone can join a committee or more than one.

### Board of Directors

Board members determine the direction of the organization and control its purse-strings. Nine voting members, committee chairpersons among them, and an ex officio legal representative are elected by the GGFYP membership once a year.

### Community Involvement

If you're looking to roll up your sleeves and do some volunteering, Community Involvement will hook you up. They also plan numerous YP and community events throughout the year.

### Marketing Committee

When other committees need to get the word out about their activities, they turn to this committee. Marketing runs GGFYP.com, provides a presence on Facebook, sends out e-mails to members and advertise special events. If you have a talent for written and visual communication, Marketing could use you.

### Professional Development Committee

Like the old Army ads said, Professional Development helps you to "be all you can be." This committee arranges seminars, workshops and classes that cover a variety of professional topics, from branding yourself to leadership.

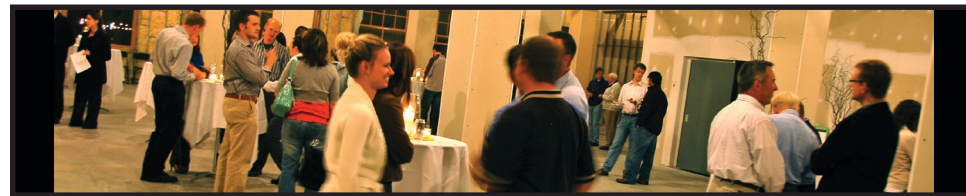

### Programs Committee

This committee is responsible for membership recruitment and interacting with other organizations in the committee. Programs' signature event is the Executive Briefings, an ongoing series of Q&A sessions with different business leaders in the region in a small setting.

### Social Committee

Helping our members network and make friends, the Social committee organizes monthly get togethers, holiday parties and other fun YP gatherings.
